

2023 Road Improvements

Our 2023 Municipal Budget was approved by Town Council which means that our road resurfacing and improvement program is underway. Public Works will be out prepping roads, completing drainage, etc. Some of these projects may continue into the fall. We will be sure to release RAVE notifications and alert our residents as these projects progress.

The Township received a NJ DOT grant of \$374K to mill and pave Minnisink Road.

New Jersey Natural Gas will be paving the remaining portion of West Shawnee Trail, leftover from last year due to drainage project completion. In addition, NJNG will be funding a portion of a full pave of Maryann Road, Lt. JT Wrobleski Road

Leftover from last year due to drainage projects is Mountainview Trail, Great Sun, Tecumseh Ridge, Shenandoah Crescent, Shawnee Parkway, West Lakeview, Pathfinder, North Parkway, South Parkway, Highview Trail, Highview Terrace, Duck Point, Mallard Road are to be milled and paved.

As part of our 10-year strategic capital plan the following roads are scheduled to be resurfaced or microsealed

Improvement of various roads in and by the Township by the reconstruction and resurfacing thereof to provide roadway pavements including, but not limited to, Garnett Drive, Partridge Run, Forest Ridge Terrace, Squirrelwood Road, Bear Drive, Eagle Drive, Fox Drive, Moose Drive, Elk Drive, East Elk Drive, Redman Drive, Indian Drive, Longwood Lake Road, Valley Trail, Aldrin Road, Solar Road, Taylor Road, Lorna Lane, Mackenzie Lane.

The improvement of various roads in and by the Township by the microsealing thereof including Sparta Mountain Road, Elizabeth Court, Jessica Court and Taylor Road.
